Q.9 Read the following passage and answer the questions given below:

The word ideology is French in origin. It is made up of two components namely, "idea and logy". Ideology is a systematic body of concepts specially about the life and culture. Ideology is generally used in a wider perspective because human beings have unique way of thinking. It constitutes a system of human life whose integral parts are assertions, theories and objective of human life.

Islamic society is a unique as compared to other societies in as much as it drives its source, principles and theories from the Holy Quran and the Sunnah. Islam is a universal Deen, it is a complete code of life. Its teachings put an end to the distinction of colour and race, and bind the individuals into eternal brotherhood. This is the reason as to why the thoughts, actions and customs of its individuals have to be in accordance with the principles of Islam. All rules and regulations of the Islamic society are framed in the light of the teachings of Islam. The individuals are bound to lead their lives in conformity with the Islamic code of conduct. The foundation of Islamic society was laid down by our Holy Prophet Muhammad (S.A.W)

- What is the origin of ideology and how is it generally used?
- How is an Islamic society unique as compared to other societies?
- Write the summary of it.
- Find a word from the above passage that means: Parts, commonly, guide, base
